

# TH PRESS

**Vol.13**

This new year comes with new opportunities where we will work towards the development of our members as players and as respectful individuals. With opportunities to excel as athletes, umpires, officials and future leaders.

### Sponsorship

We welcome once again **THE GIBUNCO GROUP** who will be supporting us for a further 12 months as the club's main sponsor. We are thrilled and excited to continue having you with us.

**GIBRALTAR ORTHOPAEDIC & MEDICAL CLINIC** will also continue to support our club as our Grassroots sponsor (non-competitive group).

Gibraltar Orthopaedic & Medical Clinic

A big WELCOME to **AMA SERVICES LTD** who will be supporting the physical strength and conditioning development of our ladies 1<sup>st</sup> division team.

Not only are we delighted to have them join our Titans family, we are proud to have the firm's Managing Director

'Adrian Avellano' returning to the sport he played for at top level for many years.

We look forward to working with you.

### Awards

The club will be offering all the programmes and recognition opportunities from last year. The wide range of challenges and development opportunities offered proved to be steps in the right direction for the future of our sport.

### GIVING BACK!

There is no greater satisfaction than that of giving.

With the substantial growth in numbers in our club, we will be looking at supporting various events and charities throughout the year with the aim of showing solidarity and supporting those who work so hard for the good of others.

Our first GIVING BACK collaboration has been with Gibraltar's Breast Cancer Support Charity for the 'Sports Club Pink October Challenge, MOVE THE BOOB'. Where the full club wore pink for a week at all training sessions.

Such a great cause was worthy of greater effort from us, so the ladies pushed themselves to achieving 500km by the

end of October and reached a total distance of 555.70km. Our senior men's team also wanted to support such cause and added a further 228.53km

100% of all donations received amounting to £420 was given to this amazing charity.

### Charitable collaboration

The club's initiative to support local charities and thus supporting our local community was praised by AMA Services Limited who entrusted us with organising a Corporate hockey fun day event to raise funds for GBC Open Day.

This event was not only a success in participation but also in the monies raised amounting to £1,416, which went integrally to GBC Open Day.

The club's aim this year, apart from boosting the interest in our sport and attracting more people to join, is to offer opportunities and character development of our members. Whilst also being an encouraging example to other clubs and sports to support the community in ways which can benefit others through us.
