TALENT AWARD

ETHAN BALBAN

Sets off to his Super Series Camp!

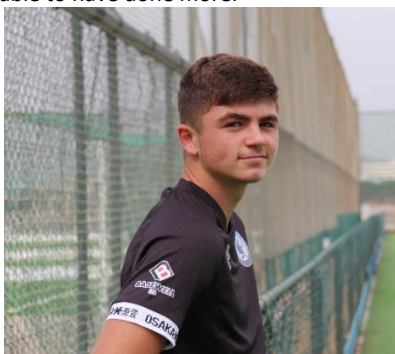

With nerves flying high, our young phenomenon departs to the UK this weekend to face his most challenging camp so far.

It is when we face these kind of situations that we doubt if we are ready or even good enough. However, Ethan's natural ability and continued preparatory hard work for this challenge makes him more than ready.

No regrets

As a sports person the best you can do is perform at all times to the best of your ability to avoid the regret of having been able to have done more.

ENGLAND HOCKEY

At this first assessment camp, Ethan's abilities, skills, pitch awareness and understanding of play will be measured amongst 35 elite U18 squad participants from across England.

The squad will spend the duration of the camp together where they will be accommodated and following a schedule full of trainings, meetings, etc.

During the three intense days of camp, amongst their busy schedule the squad will be playing daily matches where Ethan will get a chance to show his abilities and wide range of strengths and put to practice all which he is being taught.

YOU GOT THIS

As one of our club's supporting international brands, and Ethan's personal preference, the club has clothed Ethan with OSAKA training gear.

BASEWELL LTD

BASEWELL LTD has a presence on all of Ethan's gear which has been customised to promote them as sponsors of the Talent Award.
